

ANNIE ROSE WEBB

DESIGNER, DEVELOPER, TEAM LEADER

SHE/THEY/HE

HI, I'M ANNIE ROSE!

I'm a high-energy team leader; a department fixer-upper; a constantly-inspired designer and frontend developer; and a project manager who can understand the details while keeping an eye on the bigger picture. Nice to meet you!

WHAT I'M GOOD AT

Non-technical stuff

- Growing and managing diverse teams
- Facilitating periods of rapid growth
- Team motivation and community building
- Accessibility, to WCAG standards and beyond
- Simplifying systems and documenting them well

Technical stuff

- HTML, CSS, SASS/SCSS, JS
- WordPress and PHP
- Version control in Git
- UX/UI and visual design in Figma and Miro

SOME OF MY WORK SO FAR

Web Development Director

Hopeworks | August 2019 - present

- Manage internal deliverables and timelines, keeping up to 20 projects on-track simultaneously
- Grew the department from 4 employees to a team of up to 16 part- and full-time staff in a hybrid Agile environment
- Onboard, train, and motivate junior developers and designers to produce top-quality client work
- Interface with clients to explain high-level concepts, deliver updates, and review risks and issues

Webmaster

Freelance | September 2018 to July 2019

- Build and maintain WordPress environments, including custom plugin and page builds
- Set and maintain robust accessibility standards across web platforms

Software Development Intern

Tembo | May 2018 to September 2018

- Build and maintain Vue.js and React components
- Write and run tests in Python and Jinja
- Make an existing software suite accessible, and train staff on accessibility guidelines

MY WORK CONT'D

Program Manager and Instructor

Coded by Kids | February 2017 to March 2018

- Build and teach robust web development curricula for middle- and high-school students
- Manage operations for 17 high school programs

OTHER STUFF ABOUT ME

- I was named one of **Technical.ly's most influential technologists in Philadelphia**
- I spent a year as a coding instructor for **technoloCHICAS**, a tech training program for middle-school-aged Latina girls
- I'm doing pro bono development for a **mutual aid disaster relief platform** — look for our launched project in early 2022
- I'm a hiker, a camper, a rock climber, and the proud owner of a **very good dog**
